penis enlargement bible pdfThe penis is made up of three chambers or three columns of tissue. The two major chambers one runs on the top part of the penis called Corpora Spongiosus while the other lies along the bottom called Corpora Cavernosa. During an erection, these chambers fill with blood thus leading to an erection. The size of the penis will basically be dependent upon the amount of blood that these chambers holds. In The Penis Enlargement Bible it assures that for you to achieve maximum erection we have to make the chambers take in more blood. The two step method of the system works on biochemicals that react with receptors in the penis which are used during puberty for your penis to grow. The second step we use exercise to make the penis grow faster.

Pill makers will put forward misleading information that you are able to achieve significant growth in four weeks. This is purely a lie. It's even not possible. With the penis enlargement bible system, you are able to achieve significant growth of nine, YES nine inches in at least two months. All the photos put herein are true and the videos related in this system are real. Use this excellent system and you are assured of real-time life-long results.

Unlike other enlargement methods, The Penis Enlargement Bible provides a system that is workable and natural. It is all biological and that is the reason why it works. The system gets you back right to puberty and you really can experience the growth. It is actually one hundred percent genuine and similar to puberty.

You need not go for those misleading fake methods that guarantee you nothing but waste

of time trying them out. You really can trust this enlargement method. Acquire a copy of the penis enlargement bible and go through the system to achieve incredible results that will last a life time.

I Used Penis Enlargement Bible For 9 Weeks, What Do You Think Of My Results?

If you've tried other penis enlargement products before, and been disappointed, you may have given up hope.

Chances are, if you've tried any of the other penis enlargement products out there, and you're reading this page, and then you're probably still pretty unsatisfied with the results. And that can be disheartening.

There are altogether too many products out there that make unrealistic promises based on the expertise of people who really don't know what they're talking about.

I, like you, tried several different products, and got, in all honesty, lackluster results.

Penis Enlargement Doesn't Work, Dude

In fact, it got to the point that, like you may be right now, I was ready to give up. I resigned myself to practicing acceptance, instead of trying to change what I didn't like.

And so I was ready just to move on with my life and forget that anyone had ever promised me a bigger penis, better performance, or more ejaculate.

When I first heard about it, I wondered what sort of product got the name “Bible.” Where were the pills? The supplements and powders? The pumps? Doesn’t this product come with anything that actually enlarges the penis?

Well, I did a little more research, and eventually ordered and tried it. I went through the book, and while I didn’t follow all of his instructions, I started to see the value of what he was offering.

But Did The PE Bible Work?

This is a significant moment for many frustrated men convinced that there are simply no answers, here. The plain truth is that it worked. It took nine weeks, but it did what it said it would do. Let’s go through how they did it.

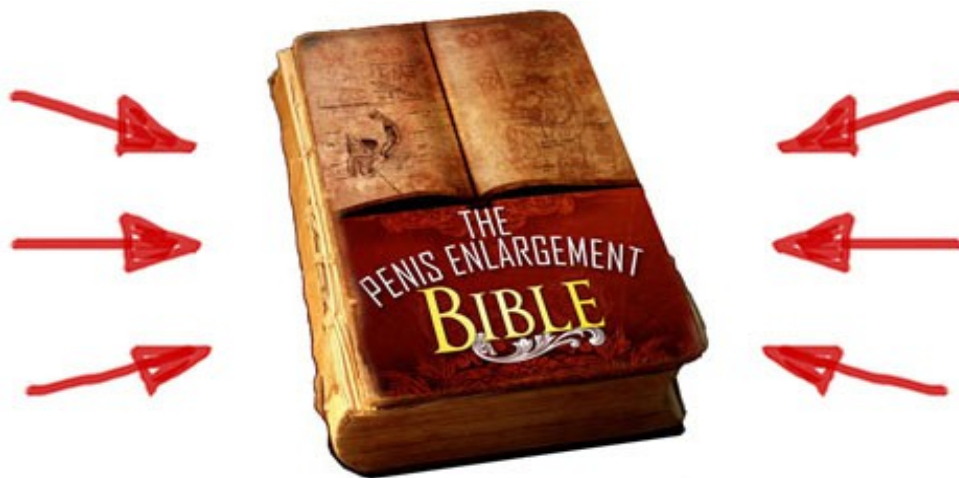

The Penis Enlargement Bible, by John CollinsJohn Collins PE Bible review

Yes, this review is about penis enlargement. But first things first: The Penis Enlargement Bible is not just about penis enlargement. It actually focuses on a whole range of related issues. The scope of the book is far broader than just blowing up your member.

Sure, it talks plenty about penis enlargement, and I got good things out of those parts of the book, but I found myself also reading about maintaining a steady and sensuous

erection, how to avoid or treat premature ejaculation (that definitely never happens to me (yeah, right)).

Then I found sections on increasing the overall volume of ejaculate. All of this is controversial, to say the least, and Dr. Collins covers all of it.

The Basics Covered by this PE Growth Bible...

You know how a penis works, right? It's filled with a special kind of tissue that expands and gets "hard" when blood flows through it. Since getting aroused just means your blood gets redirected to your penis, it gets hard automatically any time you get aroused. It's a pretty basic system.

So, armed with that information, it makes sense when I say that maintaining a strong, solid erection is about increasing the blood flow to the penis. This is straightforward and easy, and he covers exactly how to do it in the 94-page downloadable eBook.

Then, he includes erectile dysfunction. I haven't had trouble with this personally (yet), but I know plenty of men who have, even if they won't admit it, so I can see the value here.

Then, there's the real kicker: one of the best ways to stimulate penile growth in your

body is to foster the production of a particular chemical in the body. He explains exactly how to do it, and he's definitely on to something (I'd post pictures, but this isn't that kind of penis enlargement bible supplements of site).

So, you have to kick-start this penile growth process: Dr. Collins goes in-depth into what nutrients and vitamins you need to make sure your body has the required tools to build the actual penis flesh.

Then, he goes on how you go about straightening the penis if you're worried about curvature; this is where he starts to cover the actual male enhancement workouts, and goes over them.

Here's one of the problems that come up with the system; you'll find it when you see the schedule laid out for the exercises. This program does require some discipline actually to get it to work.

I'm not a naturally disciplined guy, so I found myself skipping workouts some days, but apparently not enough days that it didn't work. Just stick to the schedule as best you can, and you'll be okay.

Then, there's the part that weirds most guys out, especially from where you're standing: How to Stop. Yeah... how to stop. Why would someone want to stop, you ask? The process is ongoing.

Keep doing these things, and the penis keeps getting bigger. Now, this is a relatively tenuous claim, compared to what else is in here, but as far as I understand it, this is not something that has a strict limit.

It's a process that works more or less however long your penis is. So you'll want to stop at some point (do not attempt to acquire a 22-inch penis; no one will wish to have sex with you).

John Collins has written this report to reveal to you exactly how to get the penis of your dreams -step-by-step, naturally and with a 96% success rate...

Get ready to:

Drive your lover wild with your new, huge penis

Add 1-4 inches to your penis permanently - all in the comfort of your own home

Shock guys in the locker-room and women in the bedroom because of your incredible penis size

Become ultra-confident and alpha-male because you're bigger than virtually every other guy

Stop worrying about your penis size forever

From the Penis Enlargement Bible review, you can understand that it is an effective program, even if you have a smaller erected penis, which is less than 3 inches in length.

How does the penis enlargement system satisfy your partner?

How does the penis enlargement system satisfy your partner? Although most women like to involve in intercourse with a longer penis to get their orgasm, there are women, as well, who get their orgasm if you have a standard-sized penis. Even though these women have a satisfied orgasm with a standard size penis, some men are not satisfied with their sexual performance with their penis size. There are also women who want the size of their penis wider, rather than a longer one to have a sexual pleasure for a short time. The truth is that women involving in intercourse with their partner with a longer penis may habitually find that their sexual experience can be aching during sex. Therefore, it is not the size of your penis, which is vital, but it is the motion that plays a vital part in satisfying your woman. Here only, the Penis Enlargement Bible offers its helping hand.

Through this penis growth system, you will be coming across some vital workouts, which will make your body stronger. These exercises will aid you to avoid the common sexual issues, such as premature ejaculation. This will assist you considerably in making you involve in your action for a longer time. The natural supplements and herbs that are recommended in the system will offer you good stamina to fulfill the sexual lust of your spouse in all ways.

Do you know, the majority of women cheat their husbands because of sexual displeasure? If you really like your spouse to be sincere to you, you are supposed to take

all possible efforts to fulfill her sexual needs. You can achieve this only through the John Collins' Penis enlargement Bible. This is for the reason that both workouts and supplements recommended in the program will increase the blood flow to your penis to have a stronger erection in a natural way. As you are using only natural techniques, you will not experience any sort of side effects, as well. This means that you can have an influential sexual performance throughout your life.

v. Chapter 5

A list of natural herbs that you can use to improve the growth of your penis is contained in this chapter. Each of the herbs has a separate explanation just to ensure that the readers benefit from reading the book.

How does the Penis Enlargement Bible overcome other sexual products? Nowadays, there are a number of clever companies promoting their sexual products, offering fake promises that you would get amazing results with them. Although these campaigns may induce you to buy their products, the eventual result will be zero. This is for the reason that most of these products are made to mint your money offering fake warranties. Therefore, the only easiest, safest, and the quickest easy way to increase your penis size permanently is following the Penis Enlargement Bible system. The Penis Enlargement Bible review from benefitted men offers the strong reputation to the system designed by John Collins. In their reviews, most men appreciated the performance of the product and they talked about their wonderful experiences they had. Most online reviews about the system proposed that the natural supplements and the simple-to-perform workouts have helped them to resolve all of their sexual problems.

Even though other penis enlargement products offered them some effects, they felt that they had deteriorated over years. They have also expressed their gratitude to the powerful yet simple exercises recommended by the program. These workouts allowed them to have a better sexual performance during their intercourse with their spouse. They also felt happy with the quality of the Penis Enlargement Bible system, as it offered them their required penis size and sexual performance permanently.

When comes to increase the stamina during their affair, most men were greatly satisfied with the effects offered by the all-natural supplements. They also helped them stay away from all sorts of sexual problems they have experienced so far. The most powerful and effective way that the Penis Enlargement Bible overcomes other products is that all the penis enlargement techniques recommended by the system are based on users' experience and scientific evidence.

All the methods mentioned in the eBook can aid you greatly in achieving a bigger penis permanently. Therefore, the only successful way of improving your sexual performance is by following the penis enlargement methods suggested by the program designed by John Collins. There is no other better option than reading the Penis Enlargement Bible review to make your penis bigger, to resolve your erectile dysfunction and premature ejaculation problems in a natural and safe way. Furthermore, it is better to keep in mind that while men who have not bought the Penis Enlargement Bible will have a normal size penis, you will have a massive penis by following the John Collins' system.

Even though there are several ways to improve your sexual performance, nothing can beat the performance offered by the Penis Enlargement Bible. This is for the reason that it not only resolves the underlying sexual problems of users, but it also protects them from suffering from those problems for many years to come. Therefore, when you read the Penis Enlargement Bible review or when you follow the system designed by John Collins, you can rest guaranteed that you could resolve all sorts of sexual issues in your life permanently.

vi. Chapter 6

This chapter gives supplements that are good enough to supplement penile growth.

Why should you become a member of the Penis Enlargement Bible program? Unlike the Penis Enlargement Bible that offers a quick result through its stretching workouts and safe supplements, other sexual products will offer you only slow results. It is the unique penis enlargement program, which can make your penis bigger safely and naturally. It is also an established system, which has the scientific evidence to claim that it works. Moreover, all other penis enlargement systems have only limited studies, but John Collins' penis growth system has the well-conducted research to prove its effectiveness. It also appears that other sexual devices and products can create only an ineffective and unreliable lengthening of the penis, in both the stretched and the flaccid conditions.

If you go through the Penis Enlargement Bible review, you can ascertain that the major reason for the popularity of the system is its recommended Jelqing and Stretching workouts. Both these workouts play a vital role in increasing the length and the girth of your penis.

The major benefit of the stretching workouts is that you have no need to buy any dedicated equipment to perform them. You can simply use your hands to increase the size of your penis in a natural way.

On the other hand, Jelqing workouts assist you greatly in getting a firmer erection for a longer period. It is like stretching workouts, which offers an increased blood flow to your penis. This causes your penis erect firmly and makes you involve in your intercourse for a long time. It gradually expands the length and the girth of your penis by making use of actions like milking a cow to send the blood to your penis. This causes your penis to grow permanently and to get a firmer erection for a longer period.

The other notable benefits of doing these workouts are that you will be capable of resolving all kinds of your sexual issues, such as erectile dysfunction, premature ejaculation, low count semen, and other distressing issues quickly and effectively.

John Collins in his eBook, the Penis Enlargement Bible, has mentioned all the required scientific facts to prove that these penis enlargement methods work. When you read the Penis Enlargement Bible review, you can understand that these workouts are the safest ways to grow your penis. This is because the review includes personal opinions of men who were really benefitted by the system designed by John Collins.

Besides scientific evidence, there is much evidence from men, particularly from a variety of bodybuilding and sexual health forums, confirming that the exercises show the way to attain a longer penis. Regrettably, there are a number of unconvinced penis enlargement systems, which are being sold online. They often need you to take some notorious supplements, but John Collins in his guide, recommends you to take only natural and safe supplements, which are easily available on the market. When you use these supplements, you will be gaining more power in a natural way to fulfill the sexual lust of your spouse effectively.

Therefore, if you would like to enlarge your penis in a natural and safe way, and to resolve all of your sexual problems in an affordable way, then becoming a member of the Penis Enlargement Bible program is a wise and lucrative choice for you.

ix. Chapter 9. Final thoughts about the Penis Enlargement Bible program

Final thoughts about the Penis Enlargement Bible program Right from the past when men used to give importance to their lifestyle, occupation, exercises, etc., they give importance to the size of their penis, as well. They have taken much effort to satisfy the sexual lust of their women as well as to get a satisfied sexual performance. For any man, penis acts as the best companion right from his birth. Most kids will take pleasure in fondling their penis and this habit develops as masturbation during his adolescence. Nowadays, most men take much effort to increase the size of their penis by choosing a variety of low-quality, low-priced sexual products. As these products offered them only provisional results, they are fed up with their choices and they continue to seek some other products.

When you consider buying the Penis Enlargement Bible program, you have no necessity to seek any other program. This is for the reason that it is a unique and worthy penis enlargement available on the earth. It is an effective system, which is designed with a

dual step method by its creator, John Collins. The program is based on two effective techniques, known as simple workout routine and biology derived development. While the biology growth process allows users to start the program through supplements, the workout routine allows users to achieve a bigger penis quickly.

From the Penis Enlargement Bible review, anyone will come to know that it is the highly used program by over 5000 contented men. This means that they have achieved their much-expected results easily, naturally, and quickly as John Collins promises. As the author offers his eBook in the PDF format, you can download it whenever you want to buy the program. Although it is a 100-page eBook, it has been divided into useful sections, offering men the effective and easiest ways to resolve all sorts of their sexual issues in 94 pages.

Once you get the online access, you can start reading the guide and can start your program immediately. This is because all details in the guide regarding the penis enlargement have been explained in an easy to understand way by its author. The penis growth workouts and methods are simple to do and execute and they are put jointly in a good manner.

The notable point of this penis enlargement system is that users can see the improvement in the size of their penis even during the first week of the commencement of the program. This allows users to involve themselves more in sticking with the system.

During the course of the program, users can see notable improvements in their penis size as well as in their sexual performance. This also improves the self-confidence of users that they will perform better than earlier in their bedroom.

Premature Ejaculationget rid of premature ejaculation

Everybody's favorite subject. And one that doesn't have a lot of easy answers. I've heard everything under the sun, from calcium consumption to developing habits of ejaculating quickly as a kid, so you don't get caught masturbating.

I'm not going to outline all of Dr. Collins' reasoning behind premature ejaculation here since it's pretty in-depth, but suffice it to say that he made some great points that I had never seen anywhere else.

An honest warning: if all you care about is just making your penis bigger, the first part of the book will be most interesting to you. If you think, on the other hand, that a complete sexual makeover could benefit you, then you'll want to read the rest of the book.

Do It Natural

Okay, there are two different sets of supplements you can go after to get the required nutrients and vitamins into your body to stimulate penis growth and get to the size and shape you want.

Some of these are regular old diet supplements—you've got to get the right ones, though.

Then, he lists 28 natural Chinese herbs that are chock full of these required nutrients and vitamins. These are, as you've guessed, a little harder to get your hands on, and yes, you do have to buy them yourself.

I guess that's why he includes the western supplements; you might be hard-pressed to find some of these ingredients (I'd never even heard of half the stuff).

Let's do the pros and cons; that'll make this easy to understand.

Pros and Cons

Cons

- **Dedication:** You'd better be ready to exercise some discipline in making this work

—that means ten weeks of doing it daily.

- Permanent: If you screw this up, and you end up too big, you're either living with it and suffering the consequences, or hiring somebody to chop part of it off. Neither sounds good to me.
- Look: The book's visual layout leaves much to be desired but hey, the guy's a doctor, not a graphic artist.

Pros

- Bigger Penis: I mean, this should be pretty obvious
- Confidence: I can't tell you what kind of confidence booster gaining an inch and a half is. For weeks I wasn't even scared of talking to women; I was so excited. The nervousness settles in once you get used to your new dimensions, however, so that was just a buzz.
- 60-day money back guarantees: You have nothing to lose, this is not a scam, just try it and if you don't see any increase in your penis size then get your refund. Simple!
- It Seems to Work: Over 12,500 copies of this thing have been sold: 95% of people were satisfied.

The bottom line

Penis Enlargement Bible by John Collins is a real life changer for thousands of men with reduced penis. It is a natural and safe program for improving your sexual life by increasing the size of your penis and regulating your ejaculation using natural herbs, supplements and simple hand exercises, all at the comfort and privacy of your home. Therefore, if you need to add inches to both the girth and length of your manhood, this is a program worth trying.
